Oct. 02, 2023

City of Salmon Arm  
Box 40  
Salmon Arm, BC.  
V1E 4N2

Attention: Mayor and Council.

Re Consideration of Sanitary Sewer service to 13<sup>th</sup> Ave. SW. Industrial area.

This letter is specific to 7 commercial properties located on 13<sup>th</sup> Ave. SW.

The above request is a follow up to the initial petition made in 2009,15,16,17,18,19,20 ,21,22 and now 2023. The existing infrastructure (septic tanks and fields) was fragile at that time, since then there has been a noticeable decline in the various septic fields ability to manage the liquid waste from septic tanks. Replacing these fields may not be an option for some properties as it is doubtful the health dept would be able to grant approvals based on current standards. We are not considering "Industrial" waste – simply effluent from toilets and washrooms.

Soon this problem will become more than a concern. We are not attempting to lever the usual points about the potential economic benefits, increased land use, the number of jobs affected etc. all these are well known, and have not changed over time. We are simply stating the fact that there is a pending problem which will have to be addressed.

The city may be upgrading the storm sewer on 13<sup>th</sup> in the near future. It would be prudent to install sanitary sewer at the same time as the road surface will be "open".

We understand the pressures of budgeting and appreciate your consideration of this project.

Yours Truly

WH Laird.
