

CITY OF SALMON ARM

TO: Mayor Harrison & Members of Council
DATE: October 17, 2023, 2023
FROM: Erin Jackson, Chief Administrative Officer
PREPARED BY: Barb Puddifant, Executive Assistant
SUBJECT: Environmental Advisory Committee – Agricultural Industry membership appointment

Background:

The Environmental Advisory Committee membership currently includes 13 voting members; one (1) Council representative, three (3) Citizens at Large, a member representing each of the Forest and Agricultural Industries, members from five (5) organizations and from the Adams Lake and Neskonlith Bands.

The term for the Committee member representing the Agricultural industry expired in May, 2023 and the existing representative chose not to re-apply. Staff advertised this position in the newspaper, on the City website, social media and in the lobby of City Hall and no applications were submitted.

At the October 3, 2023 meeting, the Committee endorsed Hermann Bruns as the representative from the Agricultural Industry. Staff contacted Mr. Bruns to confirm his interest in the available position and his application has now been submitted (attached as Appendix A).

It is recommended that Council appoint Hermann Bruns as the representative of the Agricultural Industry to the Committee with the term of membership expiring May 31, 2025.

Respectfully submitted,

Erin Jackson
Chief Administrative Officer
