The City of Salmon Arm is collecting this information under s.26 (c) of the *Freedom of Information and Protection of Privacy Act*. For questions regarding the collection and use of personal information, please contact the Corporate Officer (250-803-4036).

8. Please demonstrate the organization's financial need by submitting a budget for your request, if applicable.

Financial Budget

C. BUDGET REQUEST
(For individual and organizational requests)

9. Describe your budget request:

Value (if known): \$ 33,500.00

Re: Pollinator Pathway Project at the corner of 16th St NE and 11 Ave NE

This is a budget request asking Salmon Arm Council for consideration to remove the invasive tansy weed and sulphur cinquefoil on the corner of 16th Street NE and 11 Ave NE and replace it with drought tolerant, pollinator friendly flowers and shrubs.

This parcel of city owned property used to be covered with evergreen trees and native lupines. With the development of the attached property and the multi-use pathway, the land was cleared and as a result, invasive tansy weed and sulphur cinquefoil has moved in. We would like to request city support in removing these invasive weeds and replacing them with drought tolerant flowers and plants that would support pollinators and contribute to the beauty of this busy uptown-downtown corridor.

As this is quite a large parcel of land, we are proposing this be a multi-step project. Please find attached some pictures and measurements for the first step. We are asking the city for support in clearing the land (labour and machinery) and possibly a donation of soil/compost/manure to upgrade the existing soil. We will be asking friends and neighbours for donations of plants, financial support to purchase the necessary plants and shrubs, and/or labour for planting. While the plants are establishing themselves, Mr. Archuk and Ms. Foulger will be responsible for watering and weeding the newly planted area. This summer, we consulted with Tim Lavery and Darin Gerow. Mr. Gerow provided us with a rough estimate of \$3500 for the city to undertake the weed removal and backfilling it with topsoil.

We have previously submitted this request but were denied. We understand budgets are tight and there are many requests for a limited amount of money. Therefore, if our budget request is denied a second time, we would like to ask for permission to source our own funding for this project. In this case, we would strictly be asking for permission to create a pollinator pathway on this plot of city owned land, with no financial obligation from the city. We would organize the removal of the invasive plants, the planting of pollinator friendly plants, as well as the watering and weeding.

10. Is your request operational or capital in nature?

Operational (i.e. covers day-to-day activities required to deliver services)

Capital (i.e. long-term investments in infrastructure and facilities)

? One time investment

11. Have you submitted this request before?

No

Yes - If Yes, please indicate when:
